FLUID SYSTEMS™

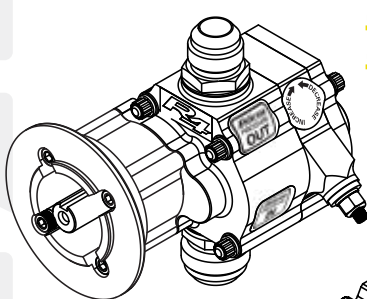

#14-2202 R4 V-BAND PUMP MOUNT

Use this Procharger specific mount kit to install a v-band ready R4 oil pump on the accessory drive. Mount kit will work with both 3/8 Hex and 5/8 Round style Procharger CrankDrive™ accessories. R4 Oil pumps with front pressure sections will mount directly to this system with the provided hardware. All Peterson oil pumps and mounting systems are manufactured in the USA and in-house from 6061 T-6 billet aluminum for reduced weight and superior strength. 6 to 8 stage pumps may require additional support. V-band clamp not included.

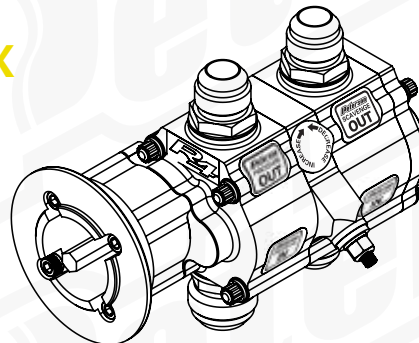

PROCHARGER READY R4 FAMILY
